Job Description

- Objective:** Full time Small Animal Associate Veterinarian or Mixed Animal Associate
- Training Required:** Doctor of Veterinary Medicine with ability to obtain licensing and a USDA category II accreditation in NE
- Experience:** Recent graduate or experienced veterinarian
- Salary:** Competitive and experience based
- Benefits:** Health insurance, 401k, profit sharing, paid vacation, 4 day work week, sick days, paid maternity, equal call rotation, paid CE, state/national dues & membership.
- Species Percentages for this position:** 90% small animal 10% large animal (on call, emergency with support)

Environment

Practice: Our practice is a mixed animal practice with about 60% small animal and 40% large animal medicine. We are equipped with an experienced group of 4 full time & 1 part time, veterinarians, 4 full time technicians, and multiple support staff. We are proud to serve multiple communities in south central Nebraska, covering Adams County, and surrounding counties as well.

Emphasis for this position:

Small animal work is consistent and includes but not limited to surgery, dentistry, routine vaccinations and exams, lab work, ultrasound, digital radiographs, and client communications.

Large animal work is mostly seasonal & emergency work and includes but not limited to obstetrical, calf hospitalization, down cows, prolapses, and farm calls (mileage compensation).

Equine work is on a personal basis. If interested, it is limited but we do provide general wellness & routine vaccinations, lameness exams, castrations, minor hospitalization, & dental work. We are equipped for equine radiographs and will refer if necessary.

We are open to adding specialties, and incorporating areas of interest.

Facilities & Equipment:

- 4 small animal exam rooms
- Large treatment area with exam tables & separate surgical suite
- Full in house & on-line pharmacies for both large and small animal
- Portable digital radiography & Ultrasound
- Dental scaling, equipment, and radiographs
- Monitoring equipment: continuous EKG, blood pressure, etc.
- Cold Laser therapy & Surgical laser
- In-house Idexx lab equipment (CBC, full chem, & SediVue) + full reference lab
- A full boarding facility with an enclosed outdoor exercise area.
- Temperature controlled calving and equine barn with two outdoor stalls
- Vehicle provided for farm calls/emergencies

Animal Clinic is currently a five doctor practice focusing on the health and wellness of all types of animals. We are looking for a qualified veterinarian who can work in a team environment to achieve the best care possible for our clients and their pets. We strive to offer quality medicine, emphasis of client education, and care and support of our team members and patients. Our practice is a family based environment with flexible days off and understanding of child and family emergencies and care. We strive to have a positive environment and are advocates for preventing compassion fatigue and burn out in the veterinary industry. Our veterinarians and staff are a diverse group with a variety of skill sets that enjoys working collaboratively. We utilize each other's strengths throughout the day to ensure our patients are given the best care possible. Mentorship is an area we pride ourselves in to help grow confidently as a team. We are an easy-going, hard working group that likes to keep the mood as light as possible in a sometimes demanding environment.

With a population just shy of 25,000, Hastings is located in south central Nebraska, about 1 hour north of the Nebraska/Kansas line. We are a quick hour and a half from Lincoln and two and a half hours from Omaha. Grand Island is just 30 minutes north and Kearney is about an hour west. Hastings College, a premier liberal arts college, is located here, along with the Hastings Museum and Theater and our historic downtown. Our city blossoms with parks, outdoor activities, and recreation.

Hastings is a thriving place to live! With several public and private high schools, two colleges, outstanding health care, forward thinking business opportunities, a vast agricultural community, and a quiet friendly environment, Hastings is sure to make anyone feel at home immediately!
